

ATG[®]

Global Sourcing Specialists

AGRICULTURAL MACHINERY COMPONENTS

ATG are global sourcing specialists that partner and work with manufacturers of commodities in China, India and South East Asia. We supply a range of components, assemblies and sub-assemblies to OEMs in a variety of industries including mining and construction, waste recycling, agriculture, transportation, earth moving, marine and material processing.

When an order is placed with ATG every part of the process is taken care of. This includes all manufacturing, international shipping including import and export duties, and then final delivery to anywhere in the world.

We manage all risk to give you the competitive edge.

Delivering Quality Worldwide

AGRICULTURAL

MACHINERY COMPONENTS

ATG supplies an extensive range of agricultural machinery components that combine advanced wear-resistance with exceptional quality and performance to original equipment manufacturers.

These components are supplied for a wide variety of agricultural machinery including cultivators, ploughs, seed drills, flail mowers, harvesters, balers and vegetable washers.

ATG has a proven methodology that enables us to achieve efficiencies, and keep to schedules due to our thorough understanding of local customs and values, time zones, language barriers and having our team on site to handle difficulties that may emerge. Our customers truly benefit from the competitive edge that can be achieved by sourcing their parts and components offshore whilst maintaining a high level of quality.

Whatever your needs, ATG has the capacity and flexibility to fulfil any order regardless of its size or complexity.

The parts ATG supply include:

- Ground Engaging Wear Parts
- Machined Components
- Assemblies
- Machined Castings
- Machined Forgings
- Fabrications
- Plastic Components
- Guards
