Global Sourcing Specialists

## TRANSPORTATION MACHINERY COMPONENTS

ATG are global sourcing specialists that partner and work with manufacturers of commodities in China, India and South East Asia. We supply a range of components, assemblies and sub-assemblies to OEMs in a variety of industries including mining and construction, waste recycling, agriculture, transportation, earth moving, marine and material processing.

When an order is placed with ATG every part of the process is taken care of. This includes all manufacturing, international shipping including import and export duties, and then final delivery to anywhere in the world.

We manage all risk to give you the competitive edge.

# TRANSPORTATION

## MACHINERY COMPONENTS

ATG supplies a variety of components to the marine, haulage and rail industries to a wide range of transport manufacturers.

We work with our factories wherever they are in the world to ensure robust manufacturing procedures are in place to guarantee the ongoing quality of all of the parts, components and assemblies that ATG supplies.

All of our production facilities undergo ongoing quality auditing by our international engineering teams who are native speakers. Throughout the manufacturing process all parts are tested with the correct validation certification produced to verify their quality. Before any component goes into full production we provide a prototype for customer approval.

Whatever your needs, ATG has the capacity and flexibility to fulfil any order regardless of its size or complexity.

The parts ATG supply include:

- Machined Castings
- Machined Components
- Lashing Components
- Assemblies
- Fabrications
- Finished Plated Components
- Composite & Plastic Components
- Structural Fabrications
