

ATG[®]

Global Sourcing Specialists

FABRICATIONS

ATG are global sourcing specialists that partner and work with manufacturers of commodities in China, India and South East Asia. We supply a range of components, assemblies and sub-assemblies to OEMs in a variety of industries including mining and construction, waste recycling, agriculture, transportation, earth moving, marine and material processing.

When an order is placed with ATG every part of the process is taken care of. This includes all manufacturing, international shipping including import and export duties, and then final delivery to anywhere in the world.

We manage all risk to give you the competitive edge.

Delivering Quality Worldwide

FABRICATIONS

ATG supplies fabrications to original equipment manufacturers in the construction, mining, material processing and agricultural industries in a variety of materials including BS EN 10025 grade structural steels and BS EN 10088 stainless steel that are all available with EN 10204 3.1, 3.2 or DNV/Lloyds certification.

Depending upon your specific requirements and application our factories utilise a number of processes including MIG, TIG and laser welding.

All components are chemically, mechanically and dimensionally qualified by our own team prior to dispatch. Our fabrications range in size from a few grams up to several tonnes. ATG deliver to anywhere in the world taking care of all logistics and shipping to slot into our customers' production schedules.

Whatever your needs, ATG has the capacity and flexibility to fulfil any order regardless of its size or complexity.

The parts ATG supply include:

- Construction Fabrications
- Agriculture Fabrications
- Hoppers / Feeders
- Chassis
- Marine Fabrications
- Pipe Units
- Manifolds
- Hydraulic Tanks
